

Publications: Dr. Garry Robins

Books and book chapters

- Lusher, D., Koskinen, J., & Robins, G. (forthcoming). *Exponential random graph models for social networks: Theories, methods and applications*. Cambridge University Press.
- Robins, G., & Lusher, D. (forthcoming) *What are exponential random graph models?* In Lusher, Koskinen & Robins, *Exponential random graph models for social networks: Theories, methods and applications*. Cambridge University Press.
- Lusher, D., & Robins, G. (forthcoming) *The formation of social network structure*. In Lusher, Koskinen & Robins, *Exponential random graph models for social networks: Theories, methods and applications*. Cambridge University Press.
- Robins, G., & Lusher, D. (forthcoming). *A simplified account of ERGM as a statistical model*. In Lusher, Koskinen & Robins, *Exponential random graph models for social networks: Theories, methods and applications*. Cambridge University Press.
- Lusher, D., & Robins, G. (forthcoming). *An example ERGM analysis: Competing explanations of network tie formation*. In Lusher, Koskinen & Robins, *Exponential random graph models for social networks: Theories, methods and applications*. Cambridge University Press.
- Lusher, D., & Robins, G. (forthcoming). *Personal attitudes, perceived attitudes and social structures: A social selection model*. In Lusher, Koskinen & Robins, *Exponential random graph models for social networks: Theories, methods and applications*. Cambridge University Press.
- Robins, G., & Daraganova, G. (forthcoming). *Social selection, dyadic covariates and geospatial effects*. In Lusher, Koskinen & Robins, *Exponential random graph models for social networks: Theories, methods and applications*. Cambridge University Press.
- Daraganova, G., & Robins, G. (forthcoming). *Autologistic actor attribute models*. In Lusher, Koskinen & Robins, *Exponential random graph models for social networks: Theories, methods and applications*. Cambridge University Press.
- Robins, G., & Lusher, D. (forthcoming). *Illustrations: Simulation and Goodness of Fit*. In Lusher, Koskinen & Robins, *Exponential random graph models for social networks: Theories, methods and applications*. Cambridge University Press.
- Wasserman, S., & Robins, G. (2012). *Social Network Research: The Foundation of Network Science*. In Cooper, H., et al (Eds), *APA Handbook of Research Methods in Psychology Volume 3*, (pp451-469). American Psychological Association: Washington.
- Pattison, P., & Robins, G. (2011). Modelling the structure and dynamics of network-based social systems. In Chan, F., Marinova, D., and Anderssen, R.S. (eds) MODSIM11, 19th International Congress on Modelling and Simulation. Modelling and Simulation Society of Australia and New Zealand, December 2011, pp. 38-44. ISBN: 978-0-9872143-1-7. www.mssanz.org.au/modsim2011/Plenary/pattison.pdf.
- Robins, G. (2011). *Exponential random graph models for social networks*. In J. Scott & P. Carrington (Eds) *Handbook of Social Network Analysis* (pp.484-500). Sage.
- Robins, G. (2011). *Exponential random graph models – p^* models*. In Barnett, G., & Golson, G. (Eds). *Encyclopedia of Social Networks*.
- Robins, G.L. (2009). *Exponential random graph (p^*) models for social networks*. In Myers, R. (Ed), *Encyclopaedia of Complexity and System Science*. Springer.

- Robins, G. (2009). *Simulating exponential random graph models for social networks: From local to global structure*. In Anderssen, R.S., R.D. Braddock and L.T.H. Newham (eds), *Proceedings of the 18th World IMACS Congress and MODSIM09 International Congress on Modelling and Simulation. Modelling and Simulation Society of Australia and New Zealand and International Association for Mathematics and Computers in Simulation, July 2009*, pp. 2950-2954. ISBN: 978-0-9758400-7-8.
- Pattison, P., & Robins, G. L. (2008). *Probabilistic network theory*. In Rudas, T (Ed.), *Handbook of Probability: Theory and Applications*. (pp.291-312). Sage: Thousand Oaks, CA.
- Pattison, P. E., Robins, G. L., & Kashima, Y. (2008). *Psychology of social networks*. In Blume, L., & Durlauf, S. (Eds), *The New Palgrave Dictionary of Economics*, 2nd edition. Basingstoke, Hampshire: Palgrave Macmillan.
- Robins, G.L., & Pattison, P. (2007). *Social networks and social space: Topologies, structures and models*. In Mitchell, B., Baum, S., O'Neill P., & McGuirk, P. (Eds). *Proceedings of the ARCRNSISS Methodology, Tools and Techniques and Spatial Theory Paradigm Forums Workshop, University of Newcastle, Australia, 15-17 June 2005* (pp: 152-164). Melbourne, Vic.: RMIT Publishing.
- Winter, S., & Robins, G. (Eds) (2007). *Proceedings of the International workshop on social space and geographic space*. University of Melbourne.
- Wasserman, S., Robins, G., & Steinley, D. (2007). *Statistical models for networks: A brief review of some recent research*. In E. Airoldi, D. M. Blei, S. E. Fienberg, A. Goldenberg, E. P. Xing, & A. X. Zheng (Eds.), *Social network analysis: Models, issues, and new directions* (pp. 45-56). New York: Springer.
- Robins, G.L., & Pattison, P. (2005). *Interdependencies and social processes: Generalized dependence structures*. In Carrington, P., Scott, J., & Wasserman, S. (Eds) *Models and Methods in Social Network Analysis* (pp.192-214). Cambridge University Press.
- Wasserman, S., & Robins, G.L. (2005). *An Introduction to Random Graphs, Dependence Graphs, and p^** . In Carrington, P., Scott, J., & Wasserman, S. (Eds), *Models and Methods in Social Network Analysis* (pp.148-161). Cambridge University Press.
- Lusher, D., Robins, G.L., & Kremer, P.J. (2005). *The application of social network methodologies to team sports*. In T Morris, P Terry, S Gordon, S Hanrahan, L Ievleva, G Kolt, and P Tremayne (Eds.), *Promoting health and performance for life*. International Society of Sport Psychology (ISSP): Sydney, Australia.
- Lusher, D., Robins, G.L., & Kremer, P.J. (2005). *Attitudes towards women, team norms of behaviour and social networks in elite level all-male sporting teams*. In T Morris, P Terry, S Gordon, S Hanrahan, L Ievleva, G Kolt, and P Tremayne (Eds.), *Promoting health and performance for life*. International Society of Sport Psychology (ISSP): Sydney, Australia.
